VOL. CXXXVI.—No. 56. ALEXANDRIA, VIRGINIA, FRIDAY, MARCH 5, 1920. PRICE ONE CENT

ADDS $71,091.60 TO ORIGINAL MEASURE

State Senate Completes Appropriations Bill

LIME-GRINDING OUT

No Increase in Emulument Granted Without Sharp Struggle—Budget Inviolate.

Richmond, March 5.—Conferees who will be appointed to settle the differences between the appropriation bills passed by the house and senate will have to consider increases made by the senate which aggregate $121,091.60 for the two years covered by the bill. The senate passed on every item of the bill yesterday afternoon and will undoubtedly vote on it today.

The upper branch added only $71,091.60 to the original bill as it came from the finance committee, $50,000 of the above sum being the increased appropriation for the department or prohibition which was cut in half in the house. The senate restored this item to the original amount of $50,000 yearly for the two years.

No increase was granted without a sharp struggle by the minority faction which seemed pledged to hold the budget inviolate. All proposed changes were debated, and one was the cause of one of the warmest discussions of the session. This was the amendment offered by Senator Gravatt providing for the establishment of a limegrinding plant at an expense of $50,000.

Senator Cannon, of Richmond, opposed the amendment bitterly, branding it class legislation and saying that the state "might as well go into the flour business because the Almighty has ordained that people must eat bread." Proponents of the amendment claimed that lime was an essential to farmers of the state and that the commonwealth should furnish it to them as cheaply as possible.

Senator Goolrick spoke against the proposal with all his characteristic vigor and sincerity. He said the principle was wrong, that it was socialistic in tendency and would undoubtedly lead to more dangerous and costly ventures in the future. He said that he represented an agricultural constituency and was prepared to defend his position before any assemblage of farmers in the land.

Senator Beverley defended the farmers and defined their relation to the body politic with the finished eloquence which has stamped him as one of the finest orators in the senate.

Senator Pendleton opposed the lime plant as a farmer, saying that only one-half of one per cent of the farmers were supplied with lime by two plants now in operation and that at this rate it would take 400 plants at a cost of $20,000,000 to furnish an adequate supply. The amendment was rejected by a vote of 22 to 13.

EDWARDS IS BITTER

Says Anti-Saloon League is "A Vicious Body."

New York, March 5.—The Anti-Saloon league was called "a vicious body" and "a latter day Ku-Kluxklan" by Governor Edwards, of New Jersey, in speech at the Osceola club last night. The governor said he was firmly convinced that the league plans prohibition of tobacco and Sunday amusements by further constitutional amendments.

"It is attempting through amendments to the constitution to bring about a condition of affairs that will be tantamount to dictated religious worship," he said and added: "It is a pity that the liquor issue must remain in politics, but that result has been determined by the eighteenth amendment and the Volstead act, the biggest fool bill ever passed by any Congress.

"It is my conviction that the Democratic party will include in its platform a provision covering the right of personal liberty and self determination and assure full and proper protection against further tampering with the constitution."

BACHELOR CLUB OFFICERS

The Bachelor Club at its annual meeting elected these officers to serve for the year: W. W. Ballenger, president; J. William May, vice president; O. H. Kirk, secretary; C. E. Tennesson, treasurer; Donald Aitcheson, librarian. These officers constitute the board of directors. It was directed by the club to give a smoker in the near future.

OLD TIME LAWS SAFEST

First Annual Convention of Farmers' Federation Hits Out at All "Isms"

Chicago, Ill., March 5.—Farmers from 28 States, delegates to the first annual convention of the American Farm Bureau Federation, yesterday formulated a platform and enunciated a set of principles which it is hoped will make the country safe for agricultural interests. There was no mincing of words and no ambiguous phrases. It was hitting straight from the shoulder in every paragraph.

In the constructive program adopted are ringing declarations against all forms of "isms" and at the same time a progressive spirit marked the resolutions as a whole.

"Every citizen under the flag has the same right as every other citizen, and autocracies, whether of labor, capital, or what not, shall not oppress or impose upon any of our people," read the preamble.

"Our fundamental laws were a safe guide before the days of the war and they are good enough today," it continued, "and we hereby speak out that the world may hear our denunciation of radicalism in every form. We stand for but one flag, the "Stars and Stripes," and we will have no other flag before us."

FATHER'S TERRIBLE CRIME

Authorities Arrest Rancher Kneeling Before Cross Bearing Child

Nogsles, Ariz., March 5.—A 3 year old baby was crucified on a crude cross in the mountains near Altar, Arizona, yesterday, Jesus Alvarez, the father, is being held by the authorities. He is also charged with slaying his wife.

Alvarez, a wealthy rancher and Mexican by birth, returned to his ranch home after a drunken orgy early yesterday. He killed his wife and carried the baby into the mountains where he built a cross and nailed the child to it, according to the authorities. He was kneeling before the cross, praying, when arrested.

The baby was rescued and physicians said last night it would recover from the nail wounds in the hands and feet.

GREECE GIVEN THRACE

Turks, However, Retain Adrianople And the Sacred Places

London, March 5.—Turkey is stripped of virtually all her territory in Europe, but retains the sacred places, by the treaty now being completed by the conference of foreign ministers and ambassadors, it became known yesterday.

Thrace has been awarded to Greece by the peace conference, but the present conference is charged with the task of working out plans whereby the Turks will keep control of the sacred places, and Adrianople, Smyrna, will be placed under Greek control.

DIED

CHILCOTTE—On February 26, 1920 at Los Angeles, Cal., FRANK CHILCOTTE, aged twenty-seven, son of Mr. and Mrs. J. H. Chilcotte. Funeral Sunday, March 7, at 2 p. m., from the home of his parents, 115 South St. Asaph street. 56-2c

FORD OWNERS

Our Mr. W. G. Woodbury has returned and made such a creditable record for himself at the Ford factory that we will publish his final examination papers on Saturday. Be sure and watch for this report

J. SIDNEY PETERS LOSES IN CAUCUS

Will be Succeeded by Harry B. Smith of Culpeper

JUDGES ARE ELECTED

Louis C. Barley Will Succeed Himself in the Corporation Court of Alexandria.

Richmond, March 5.—Harry B. Smith, of Culpeper, was nominated by the joint Democratic caucus last night for prohibition commissioner by a vote of 50 to 48 over the incumbent Rev. J. Sidney Peters. The vote was taken after two hours of nominating speeches.

Chairman James H. Price announced the vote to be tied at 48 for each candidate after the initial roll call. Before the vote has been verified Delegate Guerrant, of Caroline, rose to cast his vote for Smith, saying that he had intended to vote for neither contender. A check of the vote proved that an error had been made on the first count and the final announcement was 50 for Smith and 48 for Peters.

Delegate Jesse voted with the majority as did also Senator Oliver.

Immediately after the final vote had been announced, Senator Mapp rose to his feet to congratulate the successful candidate and assured him of the complete and hearty co-operation of the prohibition forces of the state.

Uncontested judgeships were disposed of by the caucus before the office of prohibition commissioner was taken up.

The following judges were nominated unanimously: J. Lewis Thomas for civil justice of the city of Portsmouth; Judge Louis C. Barley, for the corporation court of Alexandria; Judge A. D. Dabney, corporation court of Charlottesville; Judge E. Walter Brown, corporation court of Danville, and Judge D. C. Richardson, corporation court of Richmond.

Senator Mapp was recognized by Chairman Price. He placed J. Sidney Peters in nomination after a brief speech in which he summarized some of the attacks which have been on the present commissioner and undertook to reply to them.

Delegate Gibson, of Culpeper, nominated Mr. Smith in a bitter attack launched at the present commissioner, He charged the upper body with playing politics during the present session and said that members who would vote for Mr. Peters were doing the bidding of others and not voicing their conscientious convictions.

The nomination of Mr. Smith was seconded by Delegate Ramsey, Senator Epes, Senator Miller, Delegate Stephenson, Delegate Hurt and Delegate Williams, in the order named.

Delegate Parke Deans then seconded the nomination of Dr. Peters. Delegate Bondurant spoke in behalf of Mr. Smith, Senator Ferguson for Dr. Peters and Delegate Smith, of Dinwiddie, for the successful aspirant.

The new commissioner will take office on September first, 1920, and continue in office until September first, 1922, when the department will cease to exist unless further extended by the general assembly which meet in that year.

SCAB FISH VS. UNION SCALES

New York, March 5.—Because the barrels did not contain labels certifying that the fish were caught by union fishermen, New York truckmen yesterday refused to handle a shipment brought here from Provincetown, Mass.

The shipment contained 200,000 pounds, valued at $40,000. After a hurried conference of the Fulton Fish Market Employers' Association the union teamsters moved the consignment.

NEW BARBER SHOP

MEET SUCCESS FOR STYLE SHOW

Finance Committee Well Pleased With Generous Response

TO BE HELD MARCH 17-19

Plans Provide For Big Auto Parade March 17.—Stores Open for Display Purposes March 18

A generous response on the part of merchants and others in this city was given members of the finance committee for the Style Show who started out yesterday canvassing among the business firms of the city for funds for the first big semi annual Style Show ever given in Alexandria.

Members of the committee are well pleased with the result of the first day's canvass and feel satisfied that all persons called upon will help this movement which certainly will redound not only to the credit of the business men promoting the movement but to the city in general.

Approximately $300 was collected as a result of the first day's canvass and considerable more is expected later before the task is completed.

Merchants of this city are making active preparations for the affair and that it is going to be a big success goes without saying. Hundreds of country people from nearby counties are expected to come here for the affair, many of whom will no doubt make their spring purchases in Alexandria.

As heretofore stated in the columns of the Gazette the show will be under the auspices of the Retail Merchants' Bureau of the Chamber of Commerce.

Plans provide for the show to be held March 17, 18 and 19.

On Wednesday night March 17 at 8 o'clock there will be an automobile parade in which there will be floats and displays of the latest spring fashions.

Thursday March 18 from 7:30 until 9:30 o'clock the stores will be open for the display of goods and music will be furnished. The sale will begin March 19.

Contributions received thus far follows:

Abe L. Cohen, $5; Katz Shoe Store 10; D. Bendheim and Sons, $20; A. M. Remschel, $5; William Smith, $5. W. H. May and Son, Inc., $5; H. Bryant's Son, $5; Lindsey-Kirk Corp. $10; Burke and Herbert, $5; Lead beater Drug Corporation, $5; George W. Bontz, $5; H. Friedlander, $5. Worth Hulfish and Sons, Inc., $5. H. W. Wildt and Son, $5; Julius Wolf $5; M. B. Harlow, $5; George E. Warfield, $5; Alex. Kaufmann, $5 Weil Brothers, $5; Graham and Ogden, $5; Blondheim and Becker, $5 Jacob Rose, $5; I. H. Harris, $2. Alexandria Gazette $10; Kaufmann & Blumenfeld, $5; C. W. Howell, $5; C. E. Bradley, $5; S. F. Dyson and Bros., $10; Downham and Ridgely $5; Swan Brothers, $10; Duncan' Garage, $10; Thos. Chauncey, $5 Washington Floral Co., $5; W. T. Farley, $5; E. R. Elliott, $5; R. C. Actor and Sons, $5; Woolworth's 5 and 10 $5; Rexall Drug Store, $5; Franl Michelbach, $10; Gibson's Drug Store $5; Eddy and Gerbet, $5; B. E Ezrine, $5; Jester's Auto Supply, $5 Aero Auto Co., $5; Hinken and Son $5; J. E. W. Timberman, $5; Central Auto Co., $5; Saunders and Son, $5; Monticello Lunch, $5; R. E. Knight and Son, $10; Joseph Haymen Shoe Store, $5.

Boost For ALEXANDRIA'S FIRST COMMUNITY STYLE SHOW Wednesday, Thursday, And Friday, March 17, 18, 19

OLD FISK BENCHES ARE REMOVED

The City Market is Improved as a Result

GIVES MORE ROOM

Country Market Also Given Overhauling—Paving of Market Space Will Complete Improvements.

The work of improving the country part of the city market has now about been completed under the direction of City Engineer E. C. Dunn.

The dilapidated fish benches in the south end of the market have been razed and more modern structures erected directly north of the old site.

A new roof has been placed on the big shed and other improvements made.

The change will give the country people who come to the market to sell their produce considerable more space for their teams.

When the alley known as the market space is improved it will add greatly to the improvements already made and do away with the necessity of the country people placing their teams at various points around the city hall buiding as is now owing to the lack of space for teams in the old market space.

BACK TO PEACE MOVE

Belgium Recovering From Effects of War Rapidly

London, March 5.—The "back to peace" movement in Belgium is equalled in rapidity nowhere in Europe. At the Belgium Consulate passports are being revised by the hundreds daily for contractors, shipping agents, engineers, merchants, manufacturers and the inevitable lawyers.

The stream of reconstruction workers flows from London in such volume that the consulate is swamped to supply the demand for passports requirements. Reconstruction work in the devastated regions of Belgium includes activities pushed by private concerns as well as by the Government.

In the last 10 days, according to official figures, thousands of passports have been approved. Almost without exception the holders went into Belgium "on business."

Immediately following the signing of the armistice the Belgian Government gave attention to the rehabilitation of railways, with the result that today one may travel from Ostend to Brussels in two or three hours, whereas at the end of the war the same trip required two to three days.

Improvements are being effected in every direction, and only modern structures erected. New railways and bridges are much more substantial than those of pre-war days, and the harbor at Antwerp never was in better condition. During the past year ships representing 5,000,000 tons entered and cleared the port, while one American vessel of 4,000 tons loaded with cotton proceeded as far as Ghent.

NOTICE TO RED MEN

The members of Seminole Tribe No. 35, are requested to meet in Odd Fellows Hall on North Columbus street, on Sunday afternoon at 1:30 p. m., to attend funeral of Brother Frank Chilcotte. Members of Osceola Tribe No. 1, and all Red Men in the city are invited to attend.

Norman Roberts, Sachem.
R. C. Sullivan, C. of R.
Seminole Tribe No. 35.

MASS MEETING

A Republican mass meeting will be held in the rooms of the Chamber of Commerce, Monday, March 15, 1920 8 p. m. for the purpose of electing delegates to the State and District Convention, respectively and to transact any other business that may properly come before the meeting. All who desire to participate in this meeting are cordially invited.

John U. Schwarzmann,
Chairman

55-1c

"WET" ISSUE UP MONDAY

U. S. Supreme Bench Sets Date Definitely for Hearing

Monday March 8, has been definitely set by the United States Supreme Court as the date for the hearing of arguments on the constitutionality of the nation wide prohibition measure.

The case is contained in the original bill of complaint filed by the State of Rhode Island to undermine the eighteenth amendment and the Volstead law, together with appeals from Kentucky and Massachusetts Federal courts upholding prohibition.

"Wet" leaders are particularly interested in the allegation by the State of New Jersey that twenty-one of the States that have already ratified the prohibition amendment have done so illegally.

"Dry" leaders are claiming that only ten of these States have a clause in their constitution which calls for a referendum.

The Supreme Court is to determine whether or not States can withdraw ratification by "wet" referendum, as the "drys" have appealed from such action in Ohio.

By an overwhelming vote, the House yesterday refused to repeal the Volstead prohibition law.

PROPERTY SALES ACTIVE

Deeds of conveyance for the following pieces of property have just been placed on record in the office of the clerk of the court: Joseph C. Bowie to Edwin C. Carver house and lot 409 North West street; Hugo Herfurth, Jr., to Joseph C. Bowie house and lot 822 Duke street; John Thomas Cook to Ray S. Cleveland and wife lot 6, block 2, section 1, Baggett's subdivision.

WILSON EAGER FOR GOLF

Several Weeks Yet Before He Can Visit Links

Washington, March 5.—President Wilson is becoming impatient at the restrictions placed on his recreation, and following his automobile ride Wednesday has discussed with Rear Admiral Grayson, his physician, the possibility of playing golf in the near future. Dr. Grayson said yesterday that it probably would be several weeks before the President would be permitted to make a round of his favorite golf course in nearby Virginia.

It was learned at the White House yesterday that there is no present plan for the President to leave Washington. His physicians are understood to believe that he would be more benefitted by remaining at home than he would be by a sea voyage or a trip to some rest resort as he can best police out here his desire to keep in intimate touch with official business.

BOY KILLS CHUM

Washington, March 5.— Three boys' game of "Injuns" with an "unloaded" pistol led to the familiar tragedy yesterday afternoon when Georgie Powell, aged 13, of 923 C street southwest, a Herald newsboy was shot and instantly killed by Charles Michael Whalen, 16, in the enactment of a "wild Indian" scene in the kitchen of Whalen's home, 92[illegible] Maryland avenue southwest. The bullet entered the boy's head just above the right eye. The Whalen youth is being held at the house of detention.

ROYALISTS RETURNING

Activity on Frontier Particularly Noticeable as the Railway Strike Spreads

London, March 5.—Portuguese monarchists are gathering on the Spanish frontier, and several, including one who is said to be prominent, have secretly crossed into Portugal, says a dispatch to the Daily Mail, filed at Vigo, Spain, yesterday. Motorists arriving in Vigo report the strike in Portugal, which was at first confined to governmental roads, has spread to private railroads and tramways, and that postal and telegraph workers have walked out. Some say they encountered large bodies of troops along roads leading to the frontier.

All railroads in Portugal, the Mail learns from another source, have become involved in the strike. Reports that Portuguese workers had proclaimed a soviet form of government are not as yet confirmed.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

The Knickerbocker Club has arranged for a dance which will be given Easter Monday, April 5 in the auditorium of the Elks Home.

The Lyceum Midgets last night defeated the Eagles by a score of 16 to 15 and Washington School by a score of 17 to 7.

Miss Louise Simpson of 424 Queen street, was operated upon at the Alexandria Hospital Wednesday by Dr. M. D. Delaney.

Dr. and Mrs. Charles E. Outcalt and Miss Helen Outcalt have returned to their home in George Washington Park after a trip to Florida, Georgia and North Carolina.

Hayward D. Luckett, division freight agent for the Southern Railway who has had headquarters at Columbia S. C., has been moved to Charlotte, N. C. Mr. Luckett is in this city today, the guest of his mother, Mrs. Lucie Peyton Luckett, 12 South Patrick street.

The American Women's Legion will meet tonight at 8 o'clock in the rooms of the Chamber of Commerce. A full attendance is desired. Those eligible for membership are invited to attend and present their names and receive application blanks.

In the circuit court for this city today, the will of Mildred Botts, dated February 27, 1918, was admitted to probate. Testatrix leaves her estate to her niece, Bessie Blackwell, Germantown, Pa.

The body of Frank Chilcotte who died in Los Angeles, Cal., February 6, is expected to arrive here tonight. His funeral will take place at 3 o'clock Sunday afternoon from the home of his parents, Mr. and Mrs. H. Chilcotte, 115 South St. Asaph street. Services will be conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. The body will be temporarily placed in the vault in the Methodist Protestant cemetery. Members of the various branches of Odd Fellows will attend the funeral.

DEFEAT OPENS PERSIA

Soviet Claims "Knockout" Will Give Its Army Control of Caspian Sea

London, March 5.—The Soviet army in southern Russia has crossed the Rostov-Georgievsk railway, cutting in two the remnants of General Denikin's anti-Bolshevik army and opening the way for attacks against Persia and the new states of Georgia and Azerbaijan, in Transcaucasia, according to reports from Moscow today.

The soviet describes the latest victory over the Deniken forces as a knockout blow."

The remains of General Denikin's troops are being forced toward the Caucasus mountains, and the soviet claims that its army will inevitably control the Caspin sea.

BEAUTY PROVED FATAL

Left Husband to Become Pampered Doll of Millionaire, She Confesses in Letter

New York, March 5.—Good looking girls were warned to be careful in a letter introduced yesterday as evidence in the divorce suit brought in Paterson, N. J., by Sergt. James D. McGlade. The letter was written by McGlade's wife, Anita, who did not contest the suit. Francis Scott, special master in chancery, recommended that the decree be granted.

The letter, which admitted that the writer had left her husband to become the "pampered doll" of a millionaire oil speculator, added: "My beauty was fatal, my good looks a detriment to my being a good wife." She ended with the hope that her case would be an example to other girls with good looks.

Custody of the six-year-old child was given to the father.

Just received a lot of fresh country eggs at 62 1-2 cents per dozen. I also handle fresh country-cured bacon. H. J. Shifflet, 114 North Fayette Street. 56-2p

WILL SUCCEED HIMSELF

During late years it has often been observed that our city officers, some of whom have grown grey in service, have no competitors at the different elections held. This is a good omen, and shows that the people are perfectly satisfied with the efficiency and integrity of those supervising the business of the city. While this has long been so concerning city positions, it is also equally as apparent in the case of our state officials. The unanimous choice by the democratic caucus of the General Assembly of Louis C. Barley to succeed himself as Judge of the Corporation Court of the city of Alexandria is another case in point. His fellow-citizens naturally rejoice with him in the confidence thus bestowed in him. He had no competitor before the caucus. His present term will expire in 1921. Judge Barley succeeded Judge J. K. M. Norton nearly two score years ago. As a member of the judiciary of the state the present incumbent stands high, and the fact that he is to be continued as Judge will be read with satisfaction by his many friends and acquaintances.

TITLE TO RECLAIMED LAND

The case of the Marine Railway and Coal Company, Inc., of Alexandria vs. the United States came up in the Court of Appeals of the District of Columbia this week. James R. Caton, counsel for the appellant, submitted his brief—the second, as he had previously submitted one when the case came before the Supreme Court of the District of Columbia, from the judgment of which the appellant appealed.

Mr. Caton's brief contains one hundred pages, and is an exhaustive history of the issue between the owners of property abutting on what was long known as Baptising Cove, and the government. This cove was reclaimed nine years ago ago, it having been filled in from dredgings taken from the channel of the river off Alexandria.

The Marine Railway and Coal Company has ever claimed the portion of the cove which abutted on their property on the south, but the United States lays claim to the entire area, about forty acres, and bases its contention on the grant to the state of Maryland several centuries ago, which provided that Maryland should have jurisdiction of the river to the high water mark on the west side, which would embrace Lee street from Church to South street.

At the formation of the government Maryland ceded to the United States certain territory, including the river front, which the government claims.

The plant of the Virginia Shipbuilding Corporation is located upon the ground in dispute.

Mr. Caton's brief affords interesting reading to Alexandrians. He directs attention to a survey and plat made in 1804 of the river front of Alexandria, which shows the extension of the town east of its original shore line into the Potomac River between Point West (Fishtown), and Point Lumley (between Duke and Wolfe streets) and that the made land had been extended east into the river of Water Street, now Lee street, a distance of 2 blocks or more, and that Union Street had been extended across the same, and showing also that between Point Lumley and Jones's Point the made land had been extended from the west line of Union street into the river the distance of a block and a half and that Union Street and Water Street, now Lee Street, had been extended practically from the north to the south limits of the city.

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonght and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.

THE COST OF COLLARS

Men's collars are to cost 35 cents each after April 1, and rebellion is in the air. The sex that enjoys being choked to death, especially in hot weather, shows signs of resenting slow starvation at the hands of the High Cost of Living. Prices already have been raised in some sections of New York.

The shirt with soft attached collar, which made no progress with eternally conservative mankind when it was disguised as a sports shirt, or advocated on the grounds of comfort and health, is about to win on the economy platform.

Haberdashers are laying in large supplies of shirts with attached collars, expecting men to refuse to buy collars after the next raise in price.

It was only four years ago that collars were two for a quarter everywhere, and then they went to a quarter each. Recently they were raised to thirty cents, and now another advance is announced for April 1.

With the increased cost of laundry work everywhere a white collar is too much of a luxury for most of us. Some men wear ten or a dozen collars each week. They are of such poor quality that they only endure three of four washings.

The high price of collars and the tolls demanded by laundries, which soon place them out of commission, may result in the return of paper collars. During the civil war and long after the close of that conflict the manufacture of paper collars was an important industry in this country. They sold all the way from fifteen to fifty cents per dozen, according to the grade. The higher qualities had linen sandwiched between them, while the cheaper grades were composed entirely of paper.

PUBLIC WELFARE IGNORED

A fresh example of the utter recklessness with which strikes are called or threatened in a world needing more than all else increased production is furnished by the prospective strike in Great Britain of the transport workers. If it goes into effect less than 200,000 men will have tied up the industry of the whole Kingdom.

The distressing feature of the situation is that no considerations of the public welfare seem to have the slightest effect upon labor agitators in every country, who run the risk of plunging it into chaos for the sake of gaining their point.

For results try a classified ad in the Gazette.

COUGH SAVES MAN

Action Jerks Gun Upward Sending Bullet Through Scalp

Sunbury, Pa., March 5.—Coughing just as he pulled the trigger of a revolver pressed to his forehead saved the life of Charles W. Yeager, a Pennsylvania Railroad employee, bent on suicide. The gun was jerked up and back and the bullet ploughed through Yeager's scalp.

Yeager, according to members of his family, had a quarrel with his wife and went to his bedroom. With in a short time a shot was heard, and members of the family found him suffering from a scalp wound. He has no further suicidal inclinations at present.

FATHER GIVEN DIVORCE

Rockville, Md., March 5.—Judge Edward C. Peter, in the circuit court here, has signed a decree granting to George E. Gaither, a farmer of the vicinity of Laytonsville, this county, an absolute divorce from Mrs. Olivia J. Gaither on the ground of desertion. According to the bill, the couple separated in December, 1914, after they had lived together thirty-three years and become the parents of twelve children, ten of whom are living.

All of the children, it is understood gave testimony favorable to their father.

They Come Clean

It's not only the cleanliness and care which we devote to your clothes that make our helpfulness to you so important. It is also the removal of the burden of wash days—the lightening of your work and worry and the solving of the problem of keeping contented and competent maids.

VIRGINIA NEWS

Surgeons at a Roanoke hospital announce that an operation on a woman revealed trat a particle of plate from false teeth, lodged at the base of her lungs, had caused the patient to suffer from what doctors for 7 years had believed was tuberculosis. The surgeons declared that the woman showed an improvement immediately following the operation.

The State Senate yesterday by a vote of 30 to 0 passed what is known as the qualification measure, this being a bill qualifying women to vote in Virginia after the Susan B. Anthony amendment has been ratified by a sufficient number of States. A companion measure in the lower branch of the legislature was, upon vote of members, passed by.

The United States shipping board steamship Poughkeepsie, with 34 members of the crew in irons, charged with mutiny and guarded by blue jackets from three destroyers, arrived in Hampton Roads yesterday Department of Justice agents promptly boarded the vessel and brought the alleged mutineers to Norfolk last night for arraignment before the United States commissioner on charges of mutiny.

The jury in the case of Leslie Aldridge on trial in the hustings court of Petersburg, charged with assaulting Dr. J. Nixon, a young physician of Petersburg, January last, which failed to agree Wednesday night, came into court yesterday with a verdict finding the accused guilty of assault and battery and imposing a fine of $100. Eleven of the jurors, it is said, voted for acquittal, while one favored imposing a fine of $500. The assault grew out of an alleged insult by Dr. Nixon to Mrs. Eleanora Aldridge, wife of the accused.

That a vein of coal amounting to billions of tons can be mined on the outskirts of Richmond was the report made by experts who have completed an investigation. Estimates place the amount of coal in the Richmond basin, lying principally beneath Chesterfield county, at 1,125,000,000,000 tons, in five workable seams The field is approximately 30 miles long and 6 to 7 miles wide, and a 5 foot seam of coal over this entire area would give an output of 5,000,000 tons a year for 25 or 30 years if properly mined. From three million to five million is necessary to institute development on an adequate scale.

One hundred and forty employes of the Southern Railway shops at Richmond are to lose their positions Monday because there is not sufficient work for them.

A. B. Thornhill, president of the Farmers' Union, is in receipt of a letter from Col. F. Nash Bilisoly of Portsmouth, informing him that the total fund collected from dog licenses in Virginia in 1919 amounted to $256,770.

W. N. T. Tiffany, aged 71, of The Plains, Fauquier county, member of the Virginia legislature, died early yesterday afternoon in St. Luke's Hospital, Richmond, as the result of a stroke of paralysis several weeks ago. He was a member of the house of delegates since 1912, from Fauquier county. He was chairman of the committee on roads and internal navigation and member of several other committees.

Delegate Thomas Lomax Hunter, of King George county, is being urged to run for lieutenant governor. A definite decision is expected from him shortly. Candidates already in the field are State Senator Junius E. West, of Suffolk, and former State Senator C. Harding Walker, of Northumberland.

John Edgar Crank, express messenger who runs between Washington and Norfolk, was charged in police court of Richmond yesterday with theft of a $20 pair of shoes from a box consigned from a Rochester factory to a local retail firm It was testified he presented the shoes to his wife as a gift, and that when they failed to fit her an effort was made to exchange them. A merchant said that the shoes cost him $12 75 a pair wholesale and that he was retailing them for $20. Justice Crutchfield reserved his decision until March 13 when another charge against Crank of stealing a revolver will be heard.

Ladies Can Wear Shoes

One size smaller and shoes last longer after using Allen's Foot-Ease, the antiseptic powder for the feet. Shaken into the shoes and sprinkled in the footbath, Allen's Foot-Ease makes tight or new shoes feel easy; gives instant relief to corns and bunions prevents Blisters, Callous and Sore Spots. FOR YOUR BREAKFAST

Fruit
Cereal and Cream
Scrambled eggs, milk sauce foundation
Muffins or Toast
Coffee

Fruit
Scrambled Smoked Salmon
Baked Potatoes, Muffins or Toast
Doughnuts, Coffee

But perhaps the most popular of American breakfasts is bacon and eggs. The only thing to remember in cooking bacon is to keep continually pouring off the fat if you want the bacon to be crisp. A delicious breakfast use of ham calls for boiled ham. Slice it to wafer thinness and brown it in a very hot pan. Serve as you would bacon.

Eggs cooked in butter over electric heat are not fried nor are they poached, but have a delicacy and flavor all their own. Put one-half tablespoonful of butter into a grill pan, and when bubbling break in two eggs. Cook until firm.

Rich soil and a warm exposure gave me a great crop of squashes last year—thick-shelled, deep-fleshed Hubbards, whose season, lasting from October to the end of January, was still further extended by canning. These squashes proved to be a real gold-mine, and almost as variously useful as tomatoes. They appeared sooner or later, at every course of every meal. In cream soups, with the main course, and in pudding and pie squash is no novelty; squash biscuit, griddle cakes, cookies, and loaf cake were new to us, and in all these I found the same advantages: a texture tender and moist, with unusual keeping qualities and a distinctive richness of color and flavor.

A good squash is at its best when baked, and this is probably the easiest way of cooking it. Cut it crosswise, remove the fiber and seeds, scrape the cavity thoroughly and place it cut side down on the rack in a dripping-pan with half a cupful of hot water. Bake it at least two hours in a moderately hot oven, replenishing the water, if necessary. If the squash is too moist, remove it from the pan when done, pour off any excess liquid, return the squash to the pan, placing it cut side up, and dry it off for ten minutes in a warm oven. At this stage the squash may be sprinkled with salt, pepper, and brown sugar and dotted over with butter or margarin; let brown in a hot oven. Honey may be used in place of the brown sugar, for variety; or the squash, after being baked until soft, may be scraped from the shell, mashed with a fork, and seasoned with salt, pepper, and just a trace of mace; also add a little sweet cream or butter. The addition of grated cheese gives another variation which is well liked by some, but a ripe, richly flavored squash needs no seasoning except salt and butter, or a piece of crisp bacon, to make it truly a feast in itself.

OPPOSES BONUS

Duty, Well Done, Reward Enough, Former Officer Says

Washington, March 5.—Flat opposition to financial relief legislation for former service men, the first to be expressed by a former soldier, was asserted yesterday before the House Ways and Means Committee by Walter W. Burns, of Green Point, N. Y., a former artillery captain. A "money handout" to the ex-service men, he said, would simply be thrown away.

Practically no former soldiers or sailors are without employment, Burns said, adding that most of them do not know the effect the payment of a bonus would have. Outstanding Government obligations would depreciate if a bond issue was authorized, Burns said.

All soldiers would take a money grant if Congress authorized it, he told the committee. Representative Rainey, Democrat, Illinois, replied that this was true even of members of Congress, "who talk and vote against salaries and mileage allotments, but always take the money."

Burns contended that the satisfaction of having fought to defend the country was sufficient reward.

IMPEACHMENT IS AIM

Resolution to Probe Price Fixing on Louisiana Sugar Adopted

Washington, March 5.—The House took its first step last night in what is admitted by Republican members to be a move that may lead to impeachment proceedings against Attorney General A. Mitchell Palmer.

Voting 162 to 124 for the adoption of the Tinkham resolution calling for an investigation by the Judiciary Committee of the "fixing of prices" on Louisiana sugar, the Republican leaders refused to reply to the challenge of Representative Garrett, of Tennessee, who charged them with being afraid to admit that the real purpose of the resolution was that of bringing impeachment proceedings against the Attorney General.

For weeks it has been rumored and suggested by Republicans favoring the Tinkham resolution that the measure would result in impeachment proceedings against Mr. Palmer.

NEW YORK'S WATER GOING TO WASTE

For the first time in 14 years, or since the dam was completed, water is flowing over the spillway of the huge Cornell dam, Croton, N. Y., which forms Croton lake, a part of the New York water supply system. With five inches of water going over the spillway, it is estimated that the city is losing about 2,000,000,000 gallons of water every 24 hours, or enough to supply Manhattan and the Bronx for a week.

COLORED LIGHT AID TO TECHNICAL TRADE

A light of immense value to the technical trade was demonstrated before the Society of Engineers in England recently by its inventor, L. C. Martin. The light from an electric bulb is reflected from a multicolored screen composed of blue, green and purple, giving the exact value of daylight on colored fabrics.

DON'T BE A "MISERY-FACTORY"

Stop Headaches, Bilious Spells, Colds and Constipation with "Cascarets"—Ideal Physic!

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul, breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach and colds.

Are you keeping your liver and bowels clean with Cascarets, or merely shocking your insides every few days with Calomel, Salts, Oil or violent Pills?

Cascarets work while you sleep; they cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels which is now keeping you in constant misery, Cascarets never gripe, sicken or cause inconvenience and Cascarets cost so little too.

Feet Fitted With WALK-OVER SHOES

Men—Women

—Are always comfortable. Proficient men who know the art of fitting shoes.

NO "KICK" IN CASCARETS.

They Thoroughly Cleanse Liver and Bowels Without Griping or Shaking You Up—Ideal Physic!

Cascarets end biliousness, headache, colds, and constipation so gently you're never even inconvenienced. There is no griping and none of the explosive after-effects of cathartics like Calomel, Salts, sickening Oil or cramping Pills. Tonight take Cascarets and get rid of the bowel and liver poison which is keeping you miserable and sick. Cascarets cost little and work while you sleep.

A NEWSPAPER EDITOR SAID

"I must compliment you upon the excellent service your company is rendering us. As you know, a newspaper is probably the most trying customer a telephone company can have, for too often those using the telephone want instant service."

Whatever be the nature of your business, telephone employes are trained to minister to your needs. They labor conscientiously to be courteous, attentive and considerate.

Patience is a virtue they practice incessantly.

BLIZZARD AND COLD WAVE

Snowstorm Isolates Many Towns Crippling Railroads and Halting Wire Communication

Chicago, March 5.—Sweeping out from the West with a 50 mile wind and a blinding snow storm a blizzard struck Chicago at noon yesterday and threatened to affect seriously traffic on steam roads centering here.

The themometer fell 10 degrees between 11 a. m., and 1 p. m., and reach zero tonight, the Weather Bureau predicted. Storm and cold wave warnings have been sent to shippers throughout the Central States.

The entire district from the Mississippi to the Rocky Mountains and south to Dallas, Texas, felt the effects of the storm. At Dallas the thermometer dropped 50 degrees in 12 hours, falling from 80 at 3 p. m. Wednesday to two below freezing at an early hour today, and a further drop still in prospect.

One death directly attributable to the storm was reported from Farmington, Minn., where two freight trains crashed head on during the blinding snow. The man killed was riding in an immigrant car.

Heavy snow was general yesterday from the Rockies east into Indiana. Wisconsin points report a five inch fall, with street car and interurban traffic paralyzed and steam trains hours behind schedule. A number of towns in Colorado, Nebraska, and South Dakota were reported isolated, and rail and wire communication in Kansas, Oklahoma, Missouri, Iowa, Arkansas, North Texas and Minnesota was seriously crippled.

The disturbance will spread rapidly east and south tonight, according to Weather Bureau forecasts, carrying sharply reduced temperature carrying snow and rain.

SEES MOSLEM MENACE

President Holds Constantinople Storm Center Without Freedom

Washington, March 5.—President Wilson will refuse to recognize the peace treaty with Turkey if the allies carry out their announced intention of allowing the Sultan to remain in Constantinople, it was predicted here today.

The President is unalterably opposed to leaving the Turk in Constantinole, on the ground that the peace of Europe will be jeopardized, it was said today on high authority.

The views of this government on Constantinople have been outlined to the allied premiers, it is understood. Although the United States has been invited to participate in the making of the Turkish treaty, this work has been followed only unofficially. The treaty is expected to be presented to Turkey on March 22.

Reports from all over the United States, newspapers and Congress included are that American sentiment is solidly opposed to leaving Constantinople in the hands of the Turks. Press dispatches from London make it clear that public sentiment there also is overwhelmingly opposed to such a settlement, regardless of Lloyd George's declaration that England gave a pledge to India that the Sultan would not be driven out of Constantinople.

In France sentiment seems to be along the same lines, and political writers have adopted a critical attitude toward the reported decision. America's position is said to be well known to allied statesmen.

The talk of a holy war by the Moslem races if the Sultain is ejected from Constantinople has never been taken nearly as seriously here as in some European capitals. It is realized that England has a Moslem problem of large proportions in India, but this is held to furnish no ground for such a settlement of the Turkish question.

REBEL EXECUTION

Cirilo Arenas, Zapata Chieftain, Put to Death by Firing Squad in Puebla

Mexico City, March 5.—Cirilo Arenas, one of the leaders of the Zapatist rebels in the state of Puebla, who was captured by federal troops, shouted "viva Carranza," while a firing squad was putting him to death at dawn Thursday, said a dispatch from the city of Puebla today.

The court-Martial that condemned the rebel chief began sitting at midnight and immediately after the verdict was reached Arenas was shot.

BRAIN INFLUENZA

London, March 5.—A terrible new scouge called "brain influenza," is now ravaging Vienna, said a news agency dispatch from that city today

The disaese is accompanied by convulsions and hallucinations, and the victims die in horrible delirium.

For results try a classified ad in the Gazette.

SWALLOWS HIS TEETH

Brooklyn, N. Y., March 5.—Rudolph Lundwall forgot to remove his false teeth before going to bed. He was found unconscious and before a doctor arrived he was dead. An examination disclosed his false teeth lodged in his thoat.

Lundall had been ill for several weeks with influenza and he was subject to epilepsy.

Break Up That Cold; Avoid Influenza

You can't afford to trifle with a cold. It may lead to influenza or other serious trouble. Start fighting it at once with

MOTHER'S JOY Syrup and Ointment SALVE

Applied externally to the throat and chest, it quickly penetrates to the seat of the inflammation, relieving congestion and soreness, and aiding to prevent pneumonia. It is soothing, warming and absolutely harmless to the tenderest skin. Doctors recommend it. Buy it from your dealer in

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

COMMUNITY SILVER

For fifty cents we offer you this beautiful Avalon baby spoon. It is curved to exactly fit a child's hand.

"OH, LET'S DON'T"

People With Thin, Pale Blood Are Listless And Want to do Little

More Red Blood Cells Needed

Take Pepto-Mangan, Famous Tonic and Say "Let's Go," Instead of "Let's Don't"

When normally healthy, ambitious people begin to lack energy and tire easily—when they are quickly discouraged and low in vitality, it usually means their blood has grown weak.

Such people are called anemic, or "run-down." Build up the blood and you build up the health and spirits. Pepto-Mangan is a pleasant-tasting red blood builder and it contains exactly the elements which poor, pale blood needs to become rich, red blood.

Red blood means rosy cheeks, bright eyes, a clear brain, a firm step. Pepto Mangan has placed thousands of people who needed building up in the full-blooded, energetic, vigorous class. It changes the "let's don't" attitude to a "let's go" attitude. Recommended by physicians for thirty years and sold all over the world.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive it Out of Your Blood

Catarrh is annoying enough when it chokes up your nostrils and air passage, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

Overland

Rough Roads for Wheels Are Smooth Roads for Passengers

WATCH Overland 4 on rough cobbles or unpaved roads. The wheels follow surface inequalities, but the new *Triplex* Springs give car and passengers remarkable riding steadiness.

They give 130-inch *Spring-base* to a car of 100-inch wheelbase.

This makes for the gently buoyant road action of a large, heavy car with the economy in upkeep, fuel and tires, and convenience of handling of a scientifically designed light car.

Auto-Lite starting and lighting, door-opening curtains and dash light give but a hint of the completeness and quality which characterize everything about Overland 4.

LODGE MEETS DEFEAT

Washington March 5.—The Shantung reservation to the peace treaty, as modified in the bipartisan compromise conference was readopted late yesterday by the Senate.

The vote was 48 to 21 as compared with a vote of 53 to 41 when the reservation first was adopted in November.

Ten Democrats, Chamberlain, Oregon; Gore, Oklahoma; Henderson and Pittman, Nevada; Myers, Montana; Nugent, Idaho; Reed, Missouri; Shields, Tennessee; Smith, Georgia; and Thomas, Colorado; voted for the reservation. In November it was supported by only five Democrats.

METHODISTS RAISE BAN

Atlantic City, March 5.—Abandoning the traditions of generations, the 94th annual session of the Methodist Episcopal conference of New Jersey, meeting here yesterday, voted to recommend the elimination of the sections of its book of discipline that provide expulsion for members who participate in dancing or in games of chance or who attend circuses theaters, horse races, and the like.

FARMER'S INCOME SUBJECT TO TAX

Returns for 1919 Must Be Figured Under U. S. Law—Returns Due March 15.

LAND SALE PROFITS TAXABLE.

Necessary Data—Special Form for Farm Business—Cash or Accrual Basis the Question.

A farmer, stockkeeper, or tradesman must figure up his net income for 1919; and if the farm or business income plus his other income was sufficient to require an income tax return a complete return must be filed with the collector of internal revenue by March 15.

A farmer should ascertain the gross income of his farm by computing all gains derived from the sale or exchange of his products, whether produced on the farm or purchased and resold.

Farm Expenses.

From his gross income a farmer is allowed a charge off all of his necessary expenses in the conduct of the farm during the year. These include cost of seeding, cultivating, harvesting and marketing. In addition to these costs for the crop, money spent for replacing farm tools of short life bought during the year, such as rakes, forks, etc. Also, the cost of feed purchased for his live stock may be treated as an expense in so far as that cost represents actual outlay, but the value of his own products fed to animals is not a deductible item.

Other than expenses allowable are the cost of minor repairs on buildings (but not the dwelling house), on fences, wagons and farm machinery; also bills paid for horseshoeing, stock powders, medicines, premiums of fire insurance (except on dwelling house), gasoline for operating power, and sundry other expenses which were paid for in cash.

As to hired help, all the productive labor is a deductible expense, but the wages of household servants or help hired to improve the farm, as in tree planting, ditching, etc., cannot be claimed as deductions. A farmer is not allowed to claim a salary for himself or members of his family who work on the farm.

Depreciation.

Purchase of farm machinery, wagons, work animals, etc., and the cost of construction or extension of buildings, silos, fencing, etc., should be considered additional investments in the farm, and the Act provides deductions against income.

A reasonable allowance may be claimed for wear and tear on farm buildings. Except the farmhouse, fences, machinery, work animals, wagons, tanks, windmills and other farm equipment which is used in the conduct of the farm.

Automobiles and trucks, the cost of which is not an expense although the cost of their upkeep is an allowable deduction, if the machines are used exclusively for farm purposes and not for pleasure. Also, in such cases a deduction for wear and tear is allowed.

Farm Losses.

The loss of a growing crop is not a proper deduction from income, inasmuch as the value of the crop had not been taken into gross income. The loss of a building or of machinery through storm, lightning, flood, etc., is an allowable deduction, but care should be used to ascertain the correct loss sustained, as restricted by income tax regulations.

No deduction is allowed in the case of loss of animals raised on the farm, but a loss is deductible from gross income if the animals had been purchased for draft or breeding purposes.

Shrinkage in weight or value of farm products held for favorable market prices cannot be deducted as a loss, for the reason that when such products are sold the shrinkage will be reflected in the selling price.

Sale of Farms and Land.

The value of agricultural lands has been jumping during the past few years, and during 1919 many owners sold out part or all of their lands at big profits. All such gains constitute income and must be taken into the net income for the year.

Any person who sold part of a farm or ranch, or part of a parcel of land, must also show any gains realized by the sale.

The method of figuring gains and losses on such transactions is prescribed in the Income Tax regulations, copies of which may be secured from Internal Revenue Collectors.

Forms for Returns.

The Internal Revenue Bureau has issued an improved Form 1040F for the use of farmers. This form, together with Form 1040A or 1040, will give the farmer explicit information as to how to properly figure his net income for 1919.

There are two methods of figuring a farmer's income tax return this year. He may make his return on the basis of the difference between the money and goods received for his products and the cash paid out for actual allowable farm expenses within the year. Or he may make his return on the accrual basis, which means, computing the receipts and expenses that pertain to the taxable year, excluding income earned and expenses incurred in previous or succeeding years.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys or bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, natural action. I am also free of those tired spells and headaches and my eyesight is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicines". Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars, hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

...L MINISTERS OF STATE CALLED TO CONFERENCE

...church World Movement Holds Great Gathering in Atlanta The First Part Of March.

...angelical ministers of this ... been invited to join ... the Protestant church ... of ... monster conference ... ich ... in Richmond Marc... 1-2. ... the first time in the ... ory ... within churches of the state ... gathering has been held, ... good to the churches is ex... to result from the meeting to... denominational leaders from ... various churches.

...conference will be in se...ion ... days, during this time every ... moment being taken up with ... consideration of church ... both as they affect G...rgia ... entire Christian field the ...ugh... world. It will meet at 2 o'clock ... first day, and remain in se...ion ... conferences morning, after...oon ... ing, until the late after...oon ... third day.

...he most vital matters which ... brought up for consider...tion ... the results of the religious ... ...state, which will be pr...ent... ... the medium of gr...phic ... and picture slides. Al... survey will not be com...plet... ... there will be a l...rge ... the counties of the state ... exhibition, and these will ... basis of consideration.

...sults of the surveys are ...said ... startling in their rev...lation ... weakness throughout ...ural ... and they will show ma... op... ...ties for concentrated acti...on ... the churches in this ...ate. ... Interchurch World Movement, in ... its surveys, simply d...sc...vers ... which exist, and then ...fers ... to the churches of ...ach ... and state for whatever ...tion ... necessary by the chu...ches. ... at the meeting will be ...me ... great Christian leaders o... the ... and of the nation. Some o... the ... men in the sou...thern ... will be in attendan...ce as ... there will also be o...e or ... of the directing heads o... the ... Church World Movement a...ong ... ...ers to speak with auth...rity ... ...ver features of the movement

The conference will open with a fifteen-minute devotional exercise at 2 o'clock of the first day. This will be may be investigated by the ministers present.

followed by an address on the purposes and scope of the Interchurch World Movement. The remainder of the afternoon will then be devoted to the foreign survey, during which the actual facts as they now exist in the missionary fields of the world will be placed before the delegates. The evening session will be devoted to the home survey, both in this state and in the rest of America.

The second days' session will open at 9 o'clock in the morning with a devotional exercise. The proceedings of the day will be divided into intervals of fifteen and forty-five minutes for the consideration of many important subjects. First will come discussions of religious education, then hospitals and homes and industrial relations. Fifteen minutes will be given to the literature of the movement and also a financial exhibit of the movement's affairs. American education will be allotted a prominent place.

In the afternoon, the subjects will include evangelism, the field program, financial organization and the educational group. The evening will be devoted to a general discussion of the need for such a co-operative movement as the Interchurch among the Protestant forces of America, especially in their relation to home affairs and world conditions.

The final day will deal with organization and the findings of the various committees which will have been appointed for investigation during the course of the conference.

One of the most important proceedings of the meeting will be the smaller conferences of ministers from each denomination during the course of the main conference. There will be time provided for such meetings in order that the denominations may determine upon denominational policies and uniform campaigns covering the entire state, and may take such action regarding co-operating with other denominational bodies as may seem advisable.

Little Maids in the "Moon Door" Symbol of the Hope of New China

Ginling College, at Nanking, Is Girls' School in Five Provinces With Population of 111,000,000—Interchurch World Movement to Aid Institution.

The way to all things at Ginling lies through the moon door. And through the moon door on the way to wisdom pass and repass, every day, the 70 Chinese maidens of the "gung-gwan."

The moon door at Ginling is round as the full moon, whence it has its name. And the Chinese maiden, as she steps over its high sill, may spread wide her arms and still not touch its rim with the tips of her fingers.

Sometimes across the court yard is another moon door and beyond it, like a smaller concentric circle, still another, leading on through that Chinese puzzle of a house, the "gung-gwan" or official residence at Nanking, China which is now the home of Ginling College for Chinese girls—one of the three women's colleges in all China.

The moon door is but a single feature of the old place. Once inside the high stone walls that enclose it one is lost in a maze of courts and galleries and covered passages and isolated rooms.

The whole is China, old China and new. The moon doors and the architecture as a whole lend the dignity and the greatness of old China. But the laboratories and dormitories, libraries and studies made from the old rooms of state and ceremony are modern; just as the force of America is behind it all, represented by the five American missionary organizations and the American Smith College which maintain Ginling, is modern.

One pushes ajar the halves of a moon door, latticed over paper in plum blossom and honeycomb design, and enters a chemical laboratory, set up in a room with 20 windows, each framed in dragon tracery. And from the flagstones of the laboratory floor, often is scraped fungi and mould for use under the microscope.

These are typical contrasts of Ginling College, revealed through the survey of the Chinese field now being made by the Interchurch World Movement, which seeks to promote the closer co-operation of Protestant Churches of America in attaining their world aims.

Ginling College, the survey shows, is at the heart of five Chinese provinces, with a total population of 110,000,000—and is the only woman's college in that great area.

Ginling owns 37 acres of land on the hills beside the Yangtze river. In the Interchurch World Movement survey of China, there is a budget item of $500,000. It is there to show the churches of America how they can place upon that land on the hill the library, administration building, recitation buildings, chapel—all that are needed for a modern college.

THE MODERN COBBLER

Need not work far into the night and rise early with the lark in order to have your shoe repair job completed on time. Modern shoe making and repair machinery, just like the machines in the big shoe factories, save him many weary hours of toil and turn out a better job than he could by hand. We have all up-to-date machinery here.

Utility and Sport Hats in Growing Demand

So long as feminine fancy veers towards the sport costume for summer, the sport hat will be a factor in millinery.

The Walking or Utility Hat has its well defined place always in almost every woman's assortment of summer hats.

The Utility Hats are chiefly in the sailor styles, or medium brim walking hat models, and are trimmed simply with grosgrain ribbon bands. These are priced at $5.95 and $7.95.

Sport Hats are in sailor, mushroom and other novelty shapes, many two-toned effects, faced with fine soft white braid. One of the new models has a crown of knitted wool. These are in a variety of colors and priced from $12.50 to $18.50.

Kann's—Second Floor.
